## ABOUT

Independent IT service provider specializing in backend software development and system integration. Over 10 years of experience in web technologies with a strong focus on the Ruby on Rails ecosystem, enhanced with modern AI-assisted development workflows. Working fully remote worldwide.

---

## SERVICES

- Backend software development and architecture (Ruby, Ruby on Rails, Go)
  - System integration, API development, and third-party service connectivity
  - Database design, optimization, and data pipeline engineering
  - Code review, quality assurance, and technical troubleshooting
  - Infrastructure support: containerization, CI/CD, deployment automation
  - AI-assisted development and automation using Claude Code and LLM-based agents
- 

## EXPERIENCE

### Independent Contractor — Backend Development Services

OCTOBER 2019 — PRESENT

- **Clients:** International IT clients (USA, Europe)
- **Scope:** Backend development, system integration, web scraping, and data processing delivered under B2B service agreements on a project basis
- **Workflow:** Fully remote, milestone-based delivery, AI-assisted development workflows (Claude Code, LLM agents) integrated into daily practice
- **Stack:** Ruby, Ruby on Rails, Go, PostgreSQL, Redis, Docker, AWS

### Software Development Services (prior engagements)

2016 — 2019

- Backend development for media streaming and crypto-trading platforms
  - Web application development, API integration, and data processing solutions
  - Cross-functional collaboration using Agile / Scrum methodologies
- 

## SKILLS

- **Core:** Ruby, Ruby on Rails, SQL, PostgreSQL, Redis, Git, RSpec — 10+ years
  - **Infrastructure:** Docker, AWS, Ansible, Consul, CI/CD, Linux — 5+ years
  - **AI-assisted development:** Claude Code (advanced usage), LLM agents and agentic workflows, MCP servers, prompt engineering, AI-driven code review and refactoring
  - **Additional:** Go, Elixir, RabbitMQ, JavaScript, REST API design, GraphQL
  - **Methodologies:** Agile / Scrum, code review workflows, Jira, GitHub / GitLab
- 

## LANGUAGES

- **English** — C1, primary working language for 10+ years
  - **Russian** — Native
  - **Spanish** — A2/B1, conversational
- 

## EDUCATION

- **Ruby on Rails Advanced Development** (February — May 2016), Thinknetica
- **Computer Science and Engineering** (2001 — 2007), Moscow University of Humanities, Kirov
